OUR ANSWERS TO YOUR QUESTIONS

• Will I receive a health insurance card?

You will receive by email a digital membership card. You can also access your membership card on your Allianz Care online services or in the App MyHeath.

• Can I consult any doctor of choice?

You are free to consult the medical provider of your choice. You also have access to free teleconsultation services 24/7 with Medi24 and DoctorChat.

• How can I send my claim to the insurance?

Fast and easy, you can submit your claim through the Allianz MyHealth App.

- Register yourself on the Allianz Care online services with the insurance information which were sent to you when you subscribed
- Download the Allianz MyHealth App
- Take a picture of the invoice and send it via the App

The App will allow you to access your insurance certificate your digital card, your reimbursement and statement of account.

• What is a deductible?

A deductible is an amount that will not be reimbursed by the insurance when you claim for your first medical expenses. The deductible does not apply to:

- Your hospitalization plan
- Emergency treatment received in the emergency room of a hospital
- Prescribed medication covered by LAMa/KVG

Your deductible will be applied per insurance year and not per medical condition and/or event.

• Do I need to send my medical invoices even though I know the deductible will be applied?

Yes, you do. It is very important to send any medical invoices you might have to the insurance so that their services might start deducting those amounts from your deductible. If no invoice is received, the insurance cannot know that you have had medical expenses and may have already met your deductible.

• What is the end date of your insurance indicated on your certificate?

Scorestudies is a collective scheme for individual policy holders. This means that the renewal date of your contract takes place on the 1st of June each year and that this end date will be indicated on your insurance certificate.

• When does my insurance contract renew? On the 1st of June!

Your scorestudies contract will automatically be renewed on the 1st of June each year. Four weeks before the renewal date, you will receive a notification concerning the premium rates and the benefits for the upcoming insurance year. No action is required on your side unless you should wish to cancel or amend your contract on the 1st of June of the current year.

• How do I cancel my insurance policy?

Your insurance contract is renewed automatically on the 1st of June.

Should you leave Switzerland before the end of your new insurance year, no worries: you simply need to send us by email a copy of your "departure certificate" (issued by the local authorities) and we will cancel your policy as of the date indicated on your document.

If you are staying in Switzerland and wish to cancel your policy as your status will change (end of your studies, change of permit, start of new employment...), we will require the following documents in order to cancel your policy:

- A copy of your insurance certificate with a Swiss LAMa/KVG insurance
- A confirmation of your status change (letter from the authorities, copy of your work contract, copy of your new permit...).

Upon reception of the requested documentation (by email), we will then cancel your policy as of the date indicated on your new insurance certificate.

Any premium paid for a period during which your policy would not be active anymore will be reimbursed to you on a prorated basis as per the terms and conditions of your contract.

The refund of the overpaid premium can be made in the currency of your choice on a bank account in Switzerland or abroad.

If a claim has been submitted for a treatment which took place after the end date requested, your policy will be canceled at the earliest 24h after the last treatment date.
